

detoxifying mask

Absorb oil and impurities with this balancing mask using Japanese white charcoal. This weekly mask keeps skin clear while minimizing the appearance of pores. For use in the morning or evening. This mask is safe for all skin types, but ideal for oily and breakout-prone skin.

Key ingredients:

Japanese White Charcoal – contains a variety of minerals and works to absorb oil and impurities from the skin. Its structure of very small pores allows it to be highly efficient at skin detoxification.

Kaolin – a type of clay that absorbs oil and impurities helping to clear pores.

Magnesium Aluminum Silicate – a naturally occurring clay-derived mineral that supports skin clearing.

Glycerin – a humectant and emollient that helps to hydrate and soothe skin.

Directions for use: Apply a thin, even layer over entire face (neck and chest also recommended). Leave on until dry. The mask will become light gray when completely dry. Remove mask with warm water and gentle circular motions. Pat dry and follow with the appropriate PCA SKIN® moisturizer in the morning or evening. Use once a week or as needed.
