

hydrating toner

Remove dirt and debris while giving the skin an extra boost of hydration. This toner helps keep the skin refreshed and balanced while offering antioxidant protection. Suitable for daily use on all skin types and conditions.

Key ingredients:

Apple Fruit Extract – is an AHA and antioxidant. Its carbohydrate content makes it hygroscopic, allowing it to absorb moisture from the air and therefore increase moisture content in the skin and reduce transepidermal water loss (TEWL).

Watermelon Fruit Extract, Apple Fruit Extract and Lentil Fruit Extract – this blend provides free radical antioxidant abilities, moisture retention and supports the skin's natural moisture complex.

Jania Rubens Extract – a marine red seaweed with powerful antioxidant capabilities.

Evening Primrose Oil – a powerful hydrating ingredient that is rich in omega-6 fatty acids and gamma linoleic acid (GLA).

Directions for use: After cleansing, moisten a cotton pad with a small amount of toner and apply over the face and neck. Follow with the appropriate PCA SKIN® treatment serums and broad spectrum SPF product in the daytime and moisturizer in the evening.
